JOSIAH TURNER, Jr., EDITOR.

THE MORMON CREED.

The protest of the Mormons against the passage by the Senate of the House bill abolishing polygamy in Utah has just been received in Washington. Among other things it says:

"Of the 150,000 estimated population of the Territory of Utah, all except from five thousand to ten thousand are members of the Church of Jesus Christ of Latter-day Saints, usually called Mormons. These are essentially the people of this Territory; they have settled it, reclaimed the desert waste, cultivated it, subdued the Indians, opened means of communication, made roads, built cities, towns and settlements, established government, encouraged education, and brought into being a new State to add lustre to the national galaxy of our glorious Union. And we, the people who have done this, are believers in the principle of plural marriage or polygamy, not simply as an elevating social relationship and a preventive of many terrible evils which afflict our race, but as a principle revealed by God, underlying our every hope of eternal salvation and happiness in Heaven.

We believe in the pre existence of the spirits of men; that God is the author of our being; that marriage is ordained as the legitimate source by which mankind obtain an existence in this probation on the earth; that the marriage relation exists and extends throughout eternity, and that, without it, no man can obtain an exaltation in the celestial kingdom of God. The revelation commanding the principle of plural marriage given by God through Joseph Smith to the Church of Jesus Christ of Latterday Saints, in its first paragraph has the following language: "Behold, I reveal unto you a new and everlasting covenant; and if ye abide not that covenant, then are ye damned; for no one can reject this covenant and be permitted to enter into my glory." With this language before us we cannot view plural marriage in any other light than as a vital principle of our religion. Let the revelation appear in the eyes of others as it may, to us it is a divine command, and of equal force with any ever given by the creator, of the world to his children in flesh."

IMPORTANT SCIENTIFIC DISCOVERY.

Dr O. Loew, of the College of New York, read a paper recently, at the Lyceum of National History in that city, on the subject of "Hydrogen Amalgam," and demonstrated by political experiments, the success of Graham's theory:

Dr. Loew came forward, and after reading a very interesting paper on the subject of hydrogen and its possible amalgamations, proceeded to an experimental illustration of the method he employed to produce an amalgam of hydrogen and mercury. Taking an amalgam of zinc containing thirty per cent. of zinc, he added an equal volume of a solution of bi-chloride of platinum; this, after careful shaking for some time, he poured into an earthen vessel containing water. Hydrochloric acid was employed to dissolve all the excess of zinc. Hereupon in the bottom of the vessel there was collected a voluminous brilliant amalgam of hydrogenium and mercury, exactly similar to the well known ammonium amalgam. The amalgam immediately increases in volume and the hydrogen at the same time rapidly escapes, but without odor. This hydrogen has active properties similar to the bioxide of water. It also has high reducing and other properties as explained by Professor Graham. Dr. Loew stated in addition that 150 volumes of hydrogen escaped from the amalgam; this, however, was under circumstances where much of the hydrogen was unavoidably lost.

Dr. Walz, in alluding to Dr. Loew's paper and experiments, said the discovery was one of great importance, and had it not been anticipated by Professor Graham last year, would have created no inconsiderable excitement in the scientific world. Dr. Loew was still the only person, with the exception of Professor Graham, who had succeeded in producing the amalgamation of zinc and mercury. Dr. Walz also presented a second experiment of a similar nature.

THRIVING PURITANS.—Don Piatt, him self a Republican, thus describes a class who have grown up as fungi on the Republican body politic:

There is a ring of loud mouthed professors of extra piety here that has stolen more, and has more to show for its stealings, than any other ring in Washington. Its members are prominent in all pious and charitable moves. They preside over meetings of citizens looking to benevolent work, and make tremendous speeches in behalf of missionary enterprises. The infernal scoundrels, they roll to church in carriages built of stealings and gilded and varnished with public iniquity, drawn by stolen horses, and they walk in clothes woven of public plunder, and hold under their hypocritical verses velvet-bound, gilt-edged, hot-pressed prayer books that represent so much money filched from the treasury. And when they kneel it is to get closer to Satan, to bear his whispered schemes of further rascality. They make me cling closer to the precious belief in a hell hereafter, and what Burns called "tidings of damnation." They are prosperous here, but if I fail to see them hereafter crawling around to the cool side of the big coals, and crying aloud to Christian statesmen for a little drop of their ice water, I shall be greatly disappointed and consider our plan of salvation a greater failure than Fisk and Gould's run on Wall street.

Here is a scene, reported from the Paris Correctional Court: "Prisoner, what were you doing on the Boulevard?" "I was walking there. "Howl at two o'clock in the morning?"—"There is no article in the Code which says I may not walk on the Boulevard at two o'clock in the morning."—"Where do you live?"—"I prefer not to answer that on account of my creditors." One question more—what do you do for a living?" "I sell second-hand toothpicks."

The Chief Justice of the Supreme Court of Wyoming Territory says that the privilege accorded there to women to sit as grand jurors, caused a flight of the dance-house keepers, gamblers, and demi-monde in dismay, because it was known that the women were too much in favor of enforcing the laws and punishing crime to suit their interests.

Do good, and throw it into the sea; if the fishes don't know it, God will.

More flies are caught with a drop of honey than by a hogshead of vinegar.

UNPRECEDENTED SUCCESS

Medal Awarded by the Paris Exposition, 1867.

THE AMERICAN COMBINATION Button Hole & Sewing Machine

Has been honored with the highest award in premiums and diplomas wherever entered for competition at fairs and exhibitions held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates, as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work.

Place it unquestionably far in advance of any other similar invention.

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity,) making either the Lock Stitch or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparatively noiseless, easily understood, and in a word, (it combines with these ADVANTAGES EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at Mrs. TOMKINS' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.

THE PARDONING POWER.

The Governor, by his prostitution and abuse of the pardoning power, is turning all classes of men against him, except the pardoned felons themselves.

Mr. W. J. Holleman, whose letter will be found in another column, is one of the plain, hardfisted industrious men of the county of Wake; he has been known, too, for twenty years, as one of the Governor's fast friends and admirers. No man ever had more confidence in another than Mr. Holleman had in the Governor.

Any man living in the wake of Sherman's march, thought himself rich if he owned a mule, and when that was taken from him, his estate was generally well nigh bankrupt; we are not surprised, therefore, at the feeling evinced by Mr. Holleman in this matter.

We think he has cause of complaint of the great delay in the matter. A felon arrested in 1866, and not punished until the Spring of 1870, or rather, not punished at all, for he was only convicted and sentenced to the Penitentiary for five years, on Friday and pardoned by the Governor on Saturday. When the Legislature meets again we will see what excuse the Governor will report for pardoning out a convict which even Judge Watts thought deserving of five years in the Penitentiary. Will he say he was only fourteen years old and Idiotic, as in the case of Ledbetter?

Mr. Holleman deserves the thanks of every man in Wake who owns a horse or a mule for the tenacity with which he pursued this felon to conviction, he could go no further. We need not say the Governor deserves the censure and condemnation of every man who owns mules or horses, for, whether we say it or not, he is likely to receive both.

The Governor, through his son Joseph, is calling for the outrages committed by the Ku Klux, while at the same time he has pardoned out of the Penitentiary, up to this time, one hundred and twenty-five convicted felons and turned them at large to prey upon society.

We call on our friends throughout the State to give us the character and the offenses of the parties thus pardoned. We want some friend in Henderson county especially, to give us the age and character of John Ledbetter, and the crimes he had committed before Judge Henry sentenced him to the Penitentiary.

Since the Governor's intimacy and business transactions with Littlefield and other first class rascals who have plundered the State, no one will be surprised at his prostitution and abuse of the pardoning power!

"ANOTHER LIE NAILED."

The *Standard* of yesterday says: "The SENTINEL of Tuesday concludes an editorial on the Swamp Lands as follows:

'We again call on the people to remember this transaction of the Governor and Board of Education. If he did it for a portion of the profits he is inexcusable, nay criminal; if he did it for nothing, he is not less so.'

We have no objection, as says the *Standard*, to the people remembering the transaction; but we nail as a lie the imputation cast upon Governor Holden that he profited by the transaction."

In regard to this comment of the *Standard* on our article, we say, first, it has more the twang of the blackguard than that of the gentleman.

Secondly, no such charge is made as the *Standard* asserts.

The charge is that the Governor has been instrumental in the disposal of 300,000 acres of the School lands for $50,000, and that the purchasers had sold 10,000 acres of the same lands for as much money as they paid for the whole, and that within a month after the sale, and that they had 290,000 acres left. That of this 290,000 acres they have since arranged to sell 20,000 acres more, for $100,000, which is clear profit, and still they have 270,000 acres left. Let the *Standard* disprove this charge.

Now, if this charge against the Governor be true, it follows that he did it for *something* or he did it for *nothing*; which was it, *Mr. Standard?* We didn't say which. But if he did what we say he did, (and the *Standard* don't deny *that*,) then it follows, *inevitably*, that he either got *something* for it, or he got *nothing* for it; and, we repeat, that in either case he was inexcusable.

We tell the Governor he cannot defend himself successfully concerning this nefarious Swamp Land business, in this coarse way, through Bully Joe. The Swamp Land transaction, like the lease of the N. C. Railroad, and the sale of its bonds at 55, and the location of the Penitentiary on 8,000 acres of land, and the appointment and continuance of Littlefield, Sloan and Jones as Railroad Presidents, cannot be justified. Calling us hard names through his organ by his son and heir will not establish his innocence, nor drive from the people's minds suspicions which long silence on his part has rendered almost as potent as point blank proof.

RADICAL KU KLUX.

It is now an ascertained fact that, in the county of Alamance, there are Republican Ku Klux, who go about whipping colored people. Several of them have been arrested are now in jail awaiting trial.

In Orange county it is believed, on very good grounds, that negroes disguised in masks, have engaged in whipping colored people; many colored people say so.

Yesterday a colored man came into this city from the neighborhood of Holly Spring, in a wagon, bringing with him the switches, or stumps of switches, which he said had been worn out by the Ku Klux on him. We do not know whether it were Radical or Democratic Ku Klux who did it; but whoever did it deserves the condign punishment of the law.

There can be no security for person or property, where mob law thus reigns, nor where secret societies control and make laws for a county. We have time and again condemned these outrages which have been committed by men, by whatever name they may be called.

There is no doubt that Radical leaders are determined that Congress shall send troops among us to overawe us in the election in August. Every negro whipped by men in disguise will be hailed by these leaders with the highest gratification.—They hold office and are too lazy to work for an honest living, and they rejoice in anything that will cement the colored vote to continue them in their positions.

We call upon all good men in Wake county to assist Sheriff Lee in bringing the violators of law and order to that punishment which they deserve. We call upon Gen. Cox, the Solicitor, to have witnesses summoned and brought before the Grand Jury, now in session, that the lawless may be detected and punished. We call on him to draw bills and have presentments made against all who, by their reckless and lawless conduct endanger or damage the property, life or person of citizens.

We are satisfied that Gov. Holden's secret Leagues, and that other secret league called Ku Klux, endanger the life and property of every man in the State, just as the Jacobin, Hermidorian and Vandean societies did the lives and property of the people of France; or the Orangemen and Ribbonmen endangered the lives and peace of the people of Ireland.

We have had enough of the Governor's secret leagues, and we have had enough of ku klux, and too much, too; and we say to all, in the name of God, of the peace and good order of society, stop! In God's name, stop!

GEORGIA BILL.

The following is the Georgia bill as passed by the Senate, received by telegram on Wednesday night:

WHEREAS, Great irregularities have been practiced in the organization of the Legislature in the state of Georgia, both in its first organization and in the expulsion of certain members, as well, also, as in its organization since the act of December last,

Therefore, be it enacted, &c., That the existing government in the state of Georgia is hereby declared to be provisional, and the same shall continue subject to the provisions of the acts of Congress of March 2d, 1867, and March 23d, 1867, and of July 19th, 1867, until the admission of said State by law to representation in Congress; and for this purpose the State of Georgia shall constitute the 3d military district.

SEC. 2. That in accordance with the provisions of, and under the powers and limitations provided in said acts, an election shall be held in said State, commencing on the 15th of November, 1870, and continue as long as the President shall designate, for all the members of the General Assembly of said State provided for in the Constitution of said State, adopted by its Convention on the 11th day of March, 1868, at which election all persons who by said Constitution are electors shall be entitled to vote; and said General Assembly so elected shall assemble at the capital of said State on Tuesday the 13th day of December, 1870, and organize preparatory to the admission of the State to representation in Congress; and the powers and functions of the existing General Assembly shall cease and determine on the said 13th day of December, 1870.

SEC. 3. That whenever it shall appear to the President, from an application by the Legislature of any State or by the Governor of such State, (when the Legislature cannot be convened) that domestic violence prevails in any city, county or municipal organization in such State, that it cannot be suppressed by the local authorities, it shall be the duty of the President to suppress such domestic violence, and for that purpose he is authorized to employ the military force of the United States and any portion of the militia of any State he may deem necessary, and to exercise all such powers and inflict such punishment as may, by the laws or the rules and articles of war be exercised or inflicted in case of insurrection or invasion.

SEC. 4. That so much of the act entitled "an act making appropriations for the support of the army for the year, ending June 30th, 1868, and for other purposes," approved March 2d, 1869, as prescribes the organization, arming or calling into service of the militia of the State of Georgia, be and the same is hereby repealed.

WAKE COUNTY, April 20, 1870.

MR. EDITOR:—Gov. Holden never had a warmer personal or political friend than I have been; I am under obligations to him for personal favors; my wife has been afflicted and on crutches for fifteen years; I have two daughters and four little grand children to provide for; they are dependent entirely upon my labor for their support.

I cannot allow my feelings towards Gov. Holden to blind me, however, to the great wrong he has done both me and the public in pardoning William Beattie, freedman, convicted of stealing my mare and mule.

On the 7th day of January, 1866, Beattie stole a grey mare and a bay mule from my stable; he sold the mare to Edward Johnson, of Johnston county, on the next day about 4 o'clock, P. M. Mr. Johnston, seeing my advertisement, brought the mare to my house and I paid him the offered reward, $25. He described the negro, Beattie, and my bay mule, and informed me that he had gone toward Wilmington.

I followed Beattie and the mule near Falcon's depot in Sampson county; Mr. George Williams of that county knew Beattie well, and met him on my bay mule. I have never been able to recover the mule.

Some three months after my property was stolen I had Beattie arrested, indicted, and he was convicted in Wake county Court.—He fled, forfeiting his bail, so the sentence of the Court was never executed upon him. The Bureau pretended to take the case in hand but did nothing. Some eighteen months or two years ago, a bill was found against him in the Superior Court; he has been at large upon his own recognizance, or bail, out of whom nothing could be recovered, even since he was arrested.

For more than four years I have been trying to bring the rogue to justice; Court after Court, his case has been continued. On *Friday* last he was convicted and sentenced to the Penitentiary for five years.

On the trial two men swore he was in Raleigh on the 8th of January, 1866; Edward and Ben Johnson both swore he was at their house and sold Mr. Johnson the mare on that day.

Some of the witnesses in the case live sixty miles from Raleigh, they have attended Court for years, the cost will be heavy, enough I think to buy a good plantation. The State will have it to pay, and the thief go unpunished, for the Governor pardoned him the day after he was sentenced to the Penitentiary for five years by Judge Watts. A Governor who was properly alive to the interest of the State and the people would not have done so.

Beattie gave no bail, a part of the time. If he had not left sure that he would not be punished he would not have appeared in Court. His pardon by the Governor is simply saying to all horse thieves, go and do likewise, I will protect you. The Governor will never suspect me of being a Ku Klux; but I tell him, as a personal friend, such acts on his part are calculated to make Ku Klux.

I have not written this out of harm to the Governor, but, because I thought it proper the public should know how bad men and rogues are sheltered and protected.

Yours truly,

W. J. HOLLEMAN.

MEETING IN PERSON COUNTY.

At a meeting of the Conservative party of Person county, held at Roxboro', April 19th, 1870, W. A. Bradsher was called to the chair, and A. J. Hester and J. A. Baird, appointed secretaries.

On motion a Committee composed of one from each township was appointed to prepare and report business for the meeting.

The chair appointed as said Committee, James D. Bradsher, B. D. Paylor, R. A. Williams, J. L. Thomas, J. J. Brooks, R. A. Stanford, J. D. Walker, J. T. Oates and H. T. Jordan.

During the absence of the Committee, Major J. W. Graham, of Orange and Col. J. R. Winston, of Caswell being loudly called for, responded in able and entertaining speeches, which were enthusiastically received.

The Committee returning made through Henry T. Jordan, the following report, which was heartily received and unanimously adopted:

Your Committee having had under careful consideration the condition of the county, respectfully offer the following as their report, and recommend its adoption by this Convention.

Resolved 1st. The history of the last two years has fully proved the wisdom of the Conservative party, and justified us in the course taken by us two years ago; the upheaval and utter destruction of our old form of government and familiar institutions, unjustifiable, as it was unnecessary and uncalled for, together with their replacement by institutions novel and distasteful to us, with their attendant train of increased taxes, multiplied offices, and the cumbrous and expensive machinery of government, have realized all that was then feared.

Resolved 2nd. The dominant party in North Carolina by the incompetency of some and the dishonesty and treachery of others of its officials, has deserved to lose as it has lost, the confidence of the honest and patriotic men of that party; while it has sunk still lower in the scorn and contempt of all good men whose judgments have not been biased and controlled by party affiliation.

Resolved 3rd. The present Legislature by its ignorance, recklessness, stupidity and venality has forced the least informed and least thoughtful among us to see and own the importance of filling places of such grave responsibility only with honest and capable men. To that work we will address ourselves with renewed zeal and energy, and we invite all honest men to join us in it.

Resolved 4th. The Governor of the State, like another Benedict Arnold, has sold his country for pay. We indulge the hope that he has received only a part of his reward yet, and purpose to be the paymasters of the balance. When the proper time shall come we promise to balance accounts with him and receipt him in full.

Resolved, 5th. The State government as it stands is in short, a mass of corruption and imbecility. It must be remodeled "from turret to foundation stone."

Resolved, 6th. The people everywhere, including the Conventions, recognize and acknowledge with pride and pleasure, the manly, honest, intelligent, and bold course pursued by the Conservative members of the present Legislature. While they were too few in numbers to control the legislation of that body they were sufficiently strong in moral worth and intellectual might to prevent or lessen greatly the evils intended and often perpetrated upon the State.

Resolved, 7th. Colored suffrage is no longer an issue in politics. It is not only the law of North Carolina but of the United States, having a permanent place in the Constitution of both governments. In every State and Territory of the Union the colored man's rights are secured. It is an established fact, and we have neither the wish nor the power to disturb it. We again invite them, as we have heretofore, to unite with us as good citizens of the State in building up the State and restoring it to its former greatness and respectability. The "rank and file" of the Radical party, the deluded, deceived and betrayed people, white and black, mistaken but honest as thousands of them, doubtless, were have an opportunited to retrieve their past errors. As to their leaders, all we have to say to them is, that having taken their positions, having chosen their place and got their pay, they are invited to remain where they are until we come to dislodge them. As far as *they* are concerned "we've quit taking in."

Resolved 8th. We send greeting to Granville and promise to help her with four hundred majority; possibly more, and what we promise we will do.

Resolved 9th. This Convention will make no nomination, but suggest to the several townships to hold Conventions during the next month; that each Convention propose a full ticket for the county and elect three delegates to represent the township in Convention of all of said delegates to be held at Roxboro' in the latter part of next month.

Resolved 10th. We further suggest that at said Convention, the delegates make up out of the various tickets thus proposed, or otherwise according to their judgement, and nominate a ticket for the county.

Resolved 11th. That at said township Conventions, each Convention elect an Executive Committee of three for the township.

Resolved 12th. We further suggest that this Convention now elect a Central Executive Committee for the county, composed of one from each township, and appoint delegates to the district Convention to nominate a candidate to represent this district in the next Congress.

Resolved 13th. We further suggest that this Convention invest said Central Executive Committee with plenary authority for the discharge of the duties devolving on them by virtue of their office.

The report being read was powerfully seconded by the Honorable John Kerr of Caswell in a speech of an hour's length or more. Comment on such a speech would be worse than useless. The whole State knows how he speaks, and so knowing knows how he acquitted himself on this occasion. The report having been adopted with the most emphatic approval, after appointment of Committees the Convention adjourned.

WALTHAM
WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these timekeepers.

More than 450 000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, as those who buy any other watch, merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every Invention in Watchmaking originating in this country or in Europe, only those were finally adopted which severe testing by the most skilful artisans in our works, and long use on the part of the public demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Pugh's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or key-less watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mention d improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks.

American Watch Co., - - Waltham.
Appleton, Tracy & Co., - - "
P. S. Bartlett, - - - - "
William Ellery, - - - - "
Home Watch Co., - - - "

For sale at retail by all respectable dealers.

JOHNSTON COUNTY CONVENTION.

We are requested to give notice that there will be a Convention of the Conservatives of Johnston County at Smithfield, on Saturday, May 14th, to take steps in regard to the approaching campaign. All who are opposed to the present corrupt and extravagant State administration, are invited to participate, without regard to race or color.

MANY CITIZENS.

April 19th 1870.

Mr. Davis and Senator Cameron.—The following letter from Hon. Jefferson Davis has been received by a prominent citizen of Philadelphia in denial of the statement made by Senator Cameron to the effect that he had said to Mr. Davis that his seat in the Senate would be filled by a colored man:

Memphis, Tenn., March 23d, 1870.—My Dear Sir: Yours of the 2d instant reached here during my absence, which will explain the delay in this reply. Senator Cameron made no such statement as that quoted by you. He made no remarks to me at the time of my withdrawal from the Senate other than the expression of his good wishes for me. His relations with me had been uniformly those of personal kindness, and I have expected him, as a duty to himself and to truth, to deny having made such remarks as have been imputed in the newspapers.

Men had not then reached the degree of stultification which caused the withdrawal of States from the Union to be called "rebellion," and the only remark, so far as I know, made by any Senator, which had the least practical bearing, was the expression of Mr Hale, of New Hampshire, that he expected us all soon to come back.

Very respectfully and truly yours

Jefferson Davis.

The Eighth Wonder.—To the seven wonders of the world an eighth has been added. It is a fluid without bad smell, sediment, or color, that changes the grayest hair to its youthful shade, in from five to ten applications. This prodigy of the age is Phalon's Vitalia, or Salvation for the Hair. Sold by all druggists and fancy goods dealers.

Beyond a Doubt.

More diseases are the result of a derangement of the Liver than from any other cause.—When that organ is diseased, every part of the system sympathizes with it, and general prostration and decline is the result. The best, safest and speediest remedy for Liver Complaint, and all the diseases that follow, is TUTT'S VEGETABLE LIVER PILLS, they are peculiarly adapted to the climate of the South. They are sold by Druggists everywhere.

Asthma.—A spasmodic affection of the Bronchial Tubes, which are covered with a dry tenacious phlegm. "*Brown's Bronchial Troches,*" will in some cases give immediate relief. For Coughs, Colds, and Throat Diseases, the Troches have proved their efficacy.

"An Old Lady Friend having tried many remedies for Asthma with no benefit, found great relief from the Troches."—Rev. D. Letts, Frankfort, Ill.

Help for the Miserable.

No wonder that the face of the dyspeptic has a dragged, worn, hopeless expression that is pitiful to see. No wonder that the miserable martyr to indigestion is fretful, irritable, and unsocial. Whoever can bear the pangs of this tormenting complaint cheerfully, and with an unruffled temper, is little short of a saint. But why should human fortitude continue to be thus severely tried, when an absolute specific for the disease is always at hand. Everywhere within the limits of civilization in this hemisphere Hostetter's Stomach Bitters is obtainable, and the history of the first cases of dyspepsia in which it has been administered in vain, has yet to be written. The sickness at the stomach, the sense of weakness and stupor, the feeling of emptiness and hollowness before eating, and of oppression afterwards, the fluttering of the pulse the intense nervous irritation, to morbid indisposition to exertion, the weariness of life, and indifference to all its pleasures, which are among the symptoms of the disease in its chronic form are rapidly ameliorated by the tonic operation of this palatable vegetable restorative, which seems to renovate and quicken all the dormant forces of the system, and rouse the mind from the apathy and gloom inseparable from a derangement of the digestive and secretive functions. In ordinary cases a few weeks suffices to complete the cure, but when the disease is complicated, as it often is, with torpidity of the liver, severe constipation, impurity of the blood, and a sluggish circulation, a longer time may be required. Persevere, however, and the result is certain. An encouraging improvement will be perceptible from day to day, and the convalescent, knowing and feeling that he or she is on the high road to health, will await the happy issue with comparative patience.

TO THE PEOPLE OF THE SIXTH N. C. CONGRESSIONAL DISTRICT.

House of Representatives, }
Washington City, April 16, 1870. }

Fellow Citizens:—After a protracted delay of more than twelve months since the organization of the Forty-first Congress, I have, at length, been admitted to the seat to which, by your kind favor, I was elected.

This tardy recognition of your right to representation cannot be justified, and was the result of mere neglect or indisposition, on the part of Congress, to do an act of simple justice, by promptly absolving me from the test oath upon the presentation of my credentials as your Representative. And although a bill for the purpose, was finally passed by Congress, and the obstacles to my admission thereby removed, still, the wrong which you, meanwhile, have suffered in your just rights, is not undone and cannot be repaired.

The restrictions imposed upon the freedom of elections by the operation of test oaths and the disfranchisement of the citizen, violate the first principles of free government, and proclaim the boasted "equality of all men under the Constitution," a shameful mockery. These strange devices, so foreign to our institutions, were contrived it is said, "to keep treason from the threshold of the government," but, like all such inventions, they have become a powerful instrument of oppression in the hands of those who control affairs, and are largely employed in the interest of mere party ascendancy. Thus it happens, that a Republican, if elected to an office, is promptly relieved of any political disability which may prohibit its exercise, while one, of opposite political opinions and in like condition, is either denied such relief, or compelled, for an indefinite period, to await the pleasure or caprice of those who alone can grant it. These are prolific sources of irritation and discord among our people where, otherwise, harmony and contentment would prevail, and they should, at once, be removed as a reproach to the government and to the age in which we live.

Pending this delay, my position here was most embarrassing, for, although I gave prompt response to the numerous communications addressed to me by citizens of the District, concerning matters of interest to them at the seat of government, I was powerless to render them any practical assistance. Having now, however, entered upon my duties as your Representative, I trust that my services in your behalf will prove more available, and that you will, at all times, command them.

I embrace this occasion to return you my warmest thanks for the high honor you have conferred upon me, and to assure you of my earnest desire and purpose to serve you with fidelity. In a position so responsible, I shall need your sustaining counsel and support, and I, therefore, beg your frequent and unreserved communication with me.

It is my purpose to furnish you, as rapidly as possible, with various public documents of general interest, and, in order that all who desire it, may be supplied, I respectfully ask the Sheriffs, or others of prominence in the various counties of the District, to send me the post office address of citizens, hundreds of whom I know personally, but whose address has escaped my recollection.

Again assuring you of my high appreciation of your kindness, and of my ardent desire to merit it,

I am, faithfully, yours,

F. E. SHOBER.

A. BALDING'S

PATENT GLASS SUBMERGED

DOUBLE-ACTING FORCE PUMP,

SUBSTITUTE FOR A FIRE ENGINE.

THIS Pump will pump 30 gallons of water per minute, will never cut out the packing, has no friction, no water ever stands in its pipes to freeze, and is less liable to get out of order than any other pump now used. It can be set up in a short time by any ordinary mechanic.

The No. 3 pump for yard wells will be sold at from $20 to $30, capable of throwing 20 gallons of water per minute. The price of No. 2 for railroad stations, throwing 60 gallons per minute, will be given upon application.

Having the exclusive right to this pump for the States of North and South Carolina, and having established a factory for the manufacture of them at Wilson, N. C., I will receive orders for them at Wilson, and will ship them by Express C. O. D., or, if the money is sent me, by the regular freight. The number of feet in the depth of the well must be given in all cases.

Mr. J. L. KITCHIN:

Dear Sir.—We certify that the "Balding Pumps" put up by you in the town of Scotland Neck are a perfect success. They pump very rapidly, and by attaching hose, will throw water from 40 to 60 feet and would prove invaluable in case of fire.

Thousands of Precious Lives

are to-day as rapidly sinking, and as surely tottering on to an untimely end, in Suffering, Agony, Wretchedness, and Ignor nce of the cause which

Science can arrest and assuage,
Nourish into new Life and Vigor,
And cause the Bloom of Health
To dance once more upon their withered Cheeks.

DISEASE, LIKE A THIEF,

Steals upon its victims unaware and before they are aware of its attack, plants itself firmly in the system, and through neglect or inattention becomes established, and defies all ordinary or temporary treatment to relinquish its merciless grasp.

DO YOU KNOW THE CAUSE OF

The wasted form—the hollow cheek?
The will o'red face—the shallow complexion
The feeble voice—the sunken, glassy eye?
The emaciated form—the trembling frame?
The treacherous pimple—the torturing sore?
The repulsive eruption—the inflamed eye?
The pimpled face—the rough colorless skin?
and debilitating ailments of the present age?

The answer is simple, and covers the whole ground in all its phases, viz: the

The

RENOVATOR.

On reaching the Stomach, it assimulates at once with the food and liquids therein, and from the moment it passes into the Blood, it attacks disease at its fountain head, in its germ and maturity, and dissipates it through the avenues of the organs with unerring certainty, and sends new and pure Blood bounding through every artery and vein.

The tubercles of Scrofula that sometimes flourish and seed the inner coating of the abdomen, like kernels of corn, are withered, deodorized and eradicated and the diseased parts nourished into life. The Torpid Liver and Inactive Kidneys are stimulated to a healthy secretion, and their natural functions restored to renewed health and activity.

Do not Insure Your Life

UNTIL YOU ASCERTAIN FROM

P. F. PESCUD,

General Agent for North Carolina,

WHY THE

National Life Insurance Company,

OF THE

UNITED STATES OF AMERICA

can, and does issue a larger Policy for less money than any other Company, represented in North Carolina.

The National was organized in August 1868. She has issued nearly

10,000 POLICIES,

HAS A CASH CAPITAL OF

$1,000,000,

which was all paid in before a Policy was issued and which has already increased, fifty per cent. All the losses reported to 1st Jan'y last amounted to but $40,000, and as a further evidence of the great care observed in the selection of risks, 724 applications amounting to nearly $3,000,000, were rejected last year. Therefore a solid basis and inducements that none but Stock Companies can afford, is enjoyed by all who prefer the National to Mutual or mixed Companies.

ALL LIABILITY FOR LOSSES IS AVOIDED.

Every man who has a family, should try to create an Estate for their support, when he is taken from them by death—and a very small annuity spent for a Policy secures a larger amount of Cash Assetts, and is far more certain, than the same amount will secure on any other investment, and a more tender expression of love and responsibility could not in any other way be more beautifully expressed.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!
No more Smoke!—No more Grease!
No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

It costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has established its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe* and brilliant illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

SUCCESS THE CRITERION!

THE BEST MANAGED IS THE BEST COMPANY!

DE SOTO MUTUAL LIFE INSURANCE COMPANY,

OF ST. LOUIS, MISSOURI.

JAMES P. LUCAS, President.

CAPITAL STOCK, (PAID UP,) $150.000.00!

Stockholders bound for Double the Amount of Stock!

$100,000 DEPOSITED WITH THE INSURANCE DEPARTMENT OF MISSOURI.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgement and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

No Life Insurance Company in the United States offers superior advantages for insurance or investment, than the St. Louis Mutual. It is managed by gentlemen of the highest capacity and standing and it enjoys the largest confidence of those acquainted with Insurance Companies.

Its Policies are liberal; its premiums moderate and made easy; its losses are paid promptly and its investments are made on the most solid basis, being principally in improved real estate worth *twice the amount invested, paying ten per cent per annum.*

All its Policies are non-forfeitable and all participate in its profits from the beginning.
